** Daily balance. The amount of principal in the account each day.

*** Average Daily balance. A periodic rate is applied to the average daily balance in the account for the period.

The Average Daily Balance is calculated by adding the principal in the account for each day of the period and dividing that figure by the number of days in the period.

++ The interest rate and annual percentage yield may change after account opening.

~ Fees could reduce the earnings on the account.

This account requires the distribution of interest and does not allow interest to remain in the account.

Interest Rates and Annual Percentage Yields are current as of the date at the top of this Rate Sheet.

For current rate information, call (509)783-3435
